Television & Operation Instructions

The televisions are preset to all local and selected Foxtel channels. Please do not adjust the channel tunings. Specific instructions for your TV are in the back of this compendium. Please don't forget to switch off the TV and DVD player after use.

Oven

The Oven has a 'master' switch on the splashback of the kitchen bench (like a light switch). This must be switched on. Then, turn the oven/grill knob to the desired temperature. To turn on Grill, turn knob to 'Grill' setting.

Rubbish Disposal / Recycling

Bins are provided in the garage for all rubbish (please sort recyclables) that needs to be removed from your unit. Please utilise these bins when the rubbish bin or **Recycling Bucket** in your unit is full and when vacating the apartment.

Yellow Lid Bins- Clean Recycling - clean bottles, cardboard (crushed down), paper.

Red Lid Bins - All other Waste - food, nappies, containers with food/rubbish.

Balconies & Patios

Please do not hang towels or other items of clothing over the balconies railings. Please use the clothes airers provided in the wardrobe of your apartment, and on the towel rail on the balcony/patio wall.

Swimming Pool

For the enjoyment of all guests, please adhere to the following :

- The swimming pool is accessible daily between 8.30am and 8.30pm.
- Before using the pool after swimming at the beach, please utilise the outdoor shower to wash away salt-water and sand.
- For safety reasons, no glass or breakables are permitted within the pool area.
- Children under the age of 10 years must be accompanied by a responsible adult.
- **Strictly do not use the pool** if you or your children have had diarrhoea, crypto, E. coli or shigella infections in the past two weeks.
- **Parents with infants:** please use disposable swimming nappies, (not regular- as they disintergrate into the pool) and check regularly, change if necessary.

Please note there is strictly no smoking - eviction from premises and fees will apply.

Barbeques and Rooftop Terrace

Barbeques are located in the cabana at the end of the pool. Barbeque facilities are also located on the rooftop terrace, located up the first stairwell behind reception. Please leave these facilities clean and tidy after use for the convenience of other guests. The rooftop terrace offers excellent views and sun-bathing area. *Due to Government Health Regulations smoking is not allowed in public areas. Managers reserve the right to evict any person found to be smoking in the premises, with no refunds.*

THE BEST of

Nature

Nowhere on the planet will you see a more spectacular array of natural sights than Greater Port Macquarie. Stunning rainforests, cute and cuddly koalas, tropical birds and exotic orchids... surely, this must be paradise..

For wildlife lovers, the bushland around Port Macquarie is a natural Koala habitat. They are also regularly spotted in the trees surrounding Beachside Holiday Apartments. Just around the corner, the Port Macquarie Koala Hospital cares for up to 300 injured and sick koalas each year with the objective of returning them to their natural habitats. It is the world's first hospital dedicated to the care and preservation of the koala. Set in the grounds of Macquarie Nature Reserve, visitors are welcome at all times. A 'Feed, Walk and Talk' tour is held every afternoon at 3.00pm. The tour showcases the current patients staying at the Koala Hospital and highlights the importance of the research and conservation work being undertaken. Once you see these adorable furry creatures, it will be hard to resist adopting one and contributing to the ongoing research and upgrades of this volunteer run facility.

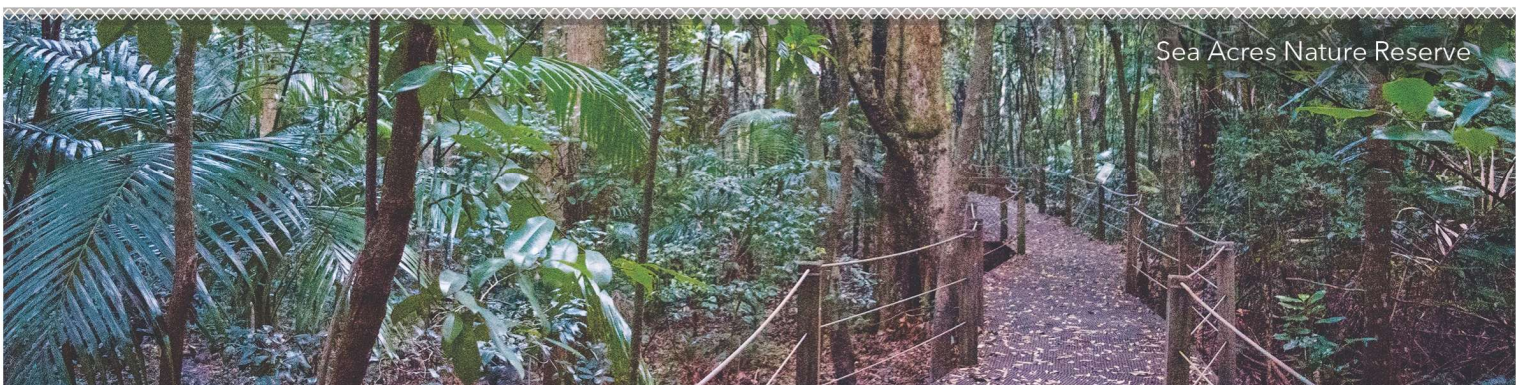

Greater Port Macquarie is also the home of Australia's world renowned Koala Breeding Centre and visitors can have their photograph taken whilst patting this iconic Australian fauna. The Billabong Koala Wildlife Park is a NSW premier regional wildlife park that allows you to get up close to all the animals. The park features a wide variety of Australian and exotic animals, reptiles and birds including: koalas, monkeys, wallabies, kangaroos, wombats, cassowaries, quolls, lizards, crocodiles, meerkats, snakes and birds.

For the more adventurous and adrenalin seekers, there is skydiving, four-wheel driving, horse riding and surfing to name a few. Experience the thrill of skydiving from 10,000ft above picturesque Port Macquarie and capture it on DVD.

See spectacular ocean views, rare and endangered wildflowers on a bush walk or traverse through bushland past dramatic rock escarpments on a four-wheel drive adventure. Trot through native Australian bush with experienced guides on horseback or ride the waves at one of our many beautiful and safe beaches. If you're a beginner, learn to surf from some of the best qualified coaches, some still competing on the world qualifying circuit. Hire boards or learn to surf, next door to Beachside at Learn To Surf, Port Macquarie's Surf School.

Point Plomer is a popular spot for bushwalkers and surfers, alike. Catch the ferry across the Hastings River over to the North Shore and discover an untouched paradise. You can practice your 4-wheel driving techniques along the beach from North Wall to Queens Head, but be sure to obtain a beach permit first from the Visitor Information Centre. Here you can surround yourself with secluded beaches full of sea shells and rock pools and bordered by Limeburners Creek Nature Reserve.

DAY TRIPS from

Port Macquarie

Discover Camden Haven

Just 30 minutes south of Port Macquarie you'll find the unspoilt Camden Haven. Rocky headlands and stunning coastal views that stretch forever and line the coastal strip that joins Port Macquarie to the picturesque Camden Haven.

The relaxed coastal lifestyle enjoyed by these villages and towns makes them a favourite with families. 4WD enthusiasts and fishermen of all ages. Everywhere you look there is water to be enjoyed. Choose a swimming spot to suit - vigorous surf at Rainbow and Grants Beaches; quiet family friendly Pilot Beach; the crystal clear creek at Swans Crossing and netted tidal pools at Dunbogan.

You can gain a perspective across the whole of the Camden Haven landscape from atop North Brother Mountain in Dooragan National Park. Surrounded by lakes and rivers, the mountain conserves eucalypt forests and rainforests whilst providing habitat for animals such as koalas, possums, gliders, bats and a variety of birds. Viewing platforms at the summit offer exclusive views. On a clear day Smoky Cape some 85kms north is visible, while to the south is Crowdy Bay National Park and Watson Taylor Lake.

The mountain also overlooks Queens Lake, a handy launching point for canoes. This reserve is dominated by Blackbutt Forest and includes areas of rainforest, providing habitat for a variety of native animals such as frogs, forest owls, gliders, possums and microbats. The endangered brush tailed phascogale also lives here.

Crowdy Bay National Park has long sweeping beaches, a dramatic headland, extensive wetlands, rainforest pockets and coastal heaths featuring beautiful wildflower displays. The Headland Walk is one of the best places on the Mid North Coast to view flowering heath and coastal scenery.

Lake Cathie (pronounced 'cat-eye') is just 12kms south of Port Macquarie, but feels as if you are in another world. Lake Cathie's large saltwater lake is the second largest estuarine salt marsh area in NSW. Periodically opened to the sea, the warm shallow waters are ideal for young children and the grassy banks offer picnic tables, children's playground and BBQ's around the shore. Venture up to the northern headland where a forest walk complete with a viewing platform offer fabulous views across the lake and out to the ocean.

Rainbow Beach stretches 20km from Bonny Hills to Lighthouse Beach in Port Macquarie. Practice your 4WD driving techniques along the vast expanse of sand, but be sure to obtain a beach permit first from the Visitor Information Centre. Reputably, there is always a serve of consistently good waves for body board and surfboard riders and couples will enjoy a long peaceful stroll on this idyllic uncrowded beach.

The elevated coastal views from Bonny Hills are some of the most spectacular in the region. Bonny Hills was originally home to the fishing enthusiasts but nowadays the old wood fishing shacks of the past are long gone, replaced by homes and holiday parks.

DAY TRIPS from

Port Macquarie

Explore Wauchope

West of Port Macquarie and the Pacific Highway is Wauchope, established in 1836 to mill the timber from the surrounding hinterland.

Wauchope, pronounced 'war-hope', was a focus for the timber industry. Once the commercial hub of the region, Wauchope is the centre of the local dairy and cattle industries and the gateway to over 40,000 hectares of national parks and state forests. This bustling rural community is rich in history. Explore the tiny historic timber-getting villages that dot the countryside around Wauchope, like charming Beechwood on the Hastings River.

The picnic and recreation area at Cowarra Dam in Wauchope is an example of local public art, reflecting the local Aboriginal identity. It features magnificent ceramic mosaic seating benches, sculpted carved and decorated totems, and stainless steel sculpture. The picnic area affords the perfect place to unwind and appreciate one of nature's resources as well as recognising the site's cultural significance to the Aboriginal people.

The rugged hinterland escarpment is a further half-hour drive from Wauchope, but take your time touring around and you'll uncover some of the region's special delights.

Drive up to Bago Bluff, a local landmark, for spectacular views across the valley or try your hand abseiling down the 400metre cliff face with an experienced guide. Bago Bluff National Park and Broken Bago State Forest are ideal areas to indulge in some bike riding, horse riding and 4WD touring, with a number of trails available through a range of vegetation from grassy open forests to rainforests.

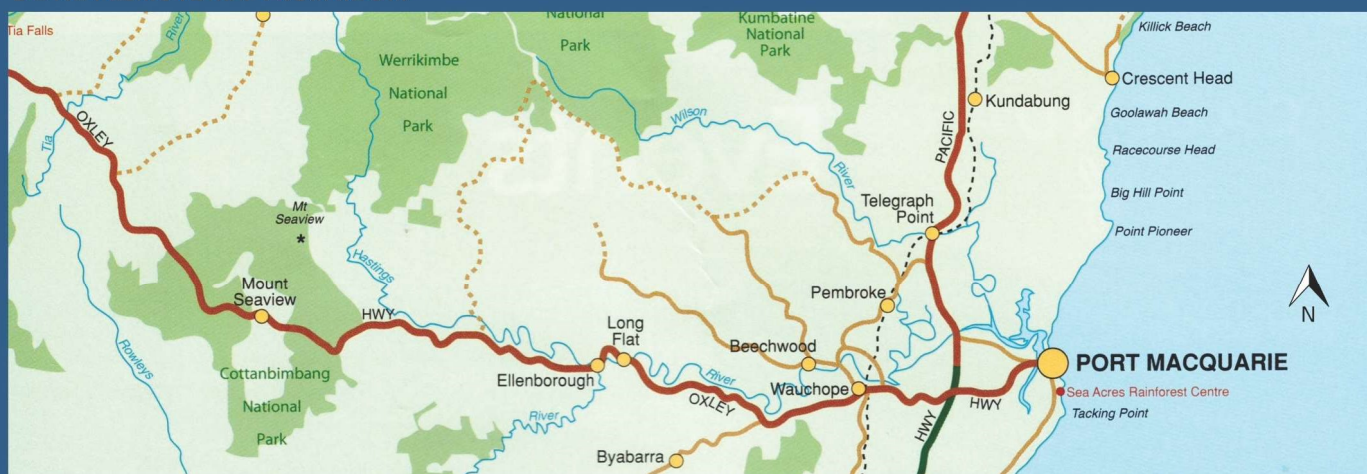

Head towards Comboyne, where the road winds its way around mountain rainforest. The dairy-farming village of Comboyne is perched high on an open plateau and is surrounded by lush farmland and rainforest. If it wasn't for the distinctly Australian bird calls ringing out of the bush the green patchwork hills could be in Yorkshire, England.

Pack a picnic and head off on one of three rainforest walks in Wilson River Reserve part of Willi Willi National Park. A summer time favourite with locals is the Waterfall Walk, which passes close to a magnificent strangler fig, through sub-tropical rainforests to reveal a waterfall and pool.

For the intrepid, the unsealed road to Ellenborough Falls provides the spectacle of the 157metre drop, where the water spills into the verdant valley below. A walking trail takes you to the base of the falls. For the adventurous, bush tracks through the national parks can have you exploring on foot with the reward of spectacular views from some of the region's peaks.
